TANY

I still remember the day I met you. And we're sitting at the park. You were so beautiful, I just couldn't stop staring. The way you laying ur head on my shoulder, I was mesmerised by who you were and how you made me feel. Being next to you that day felt so quiet, but so full like the world slowed down just for us.

The more time i spend with you, the more i fall not just for who you are, but for how you make me feel seen, heard, and loved. you're the best girlfriend anyone could ever ask for.

LOVE YOU ALWAYS AND FOREVER
